Agenda

- Business Case
- Error handling
- Small nuggets of wisdom

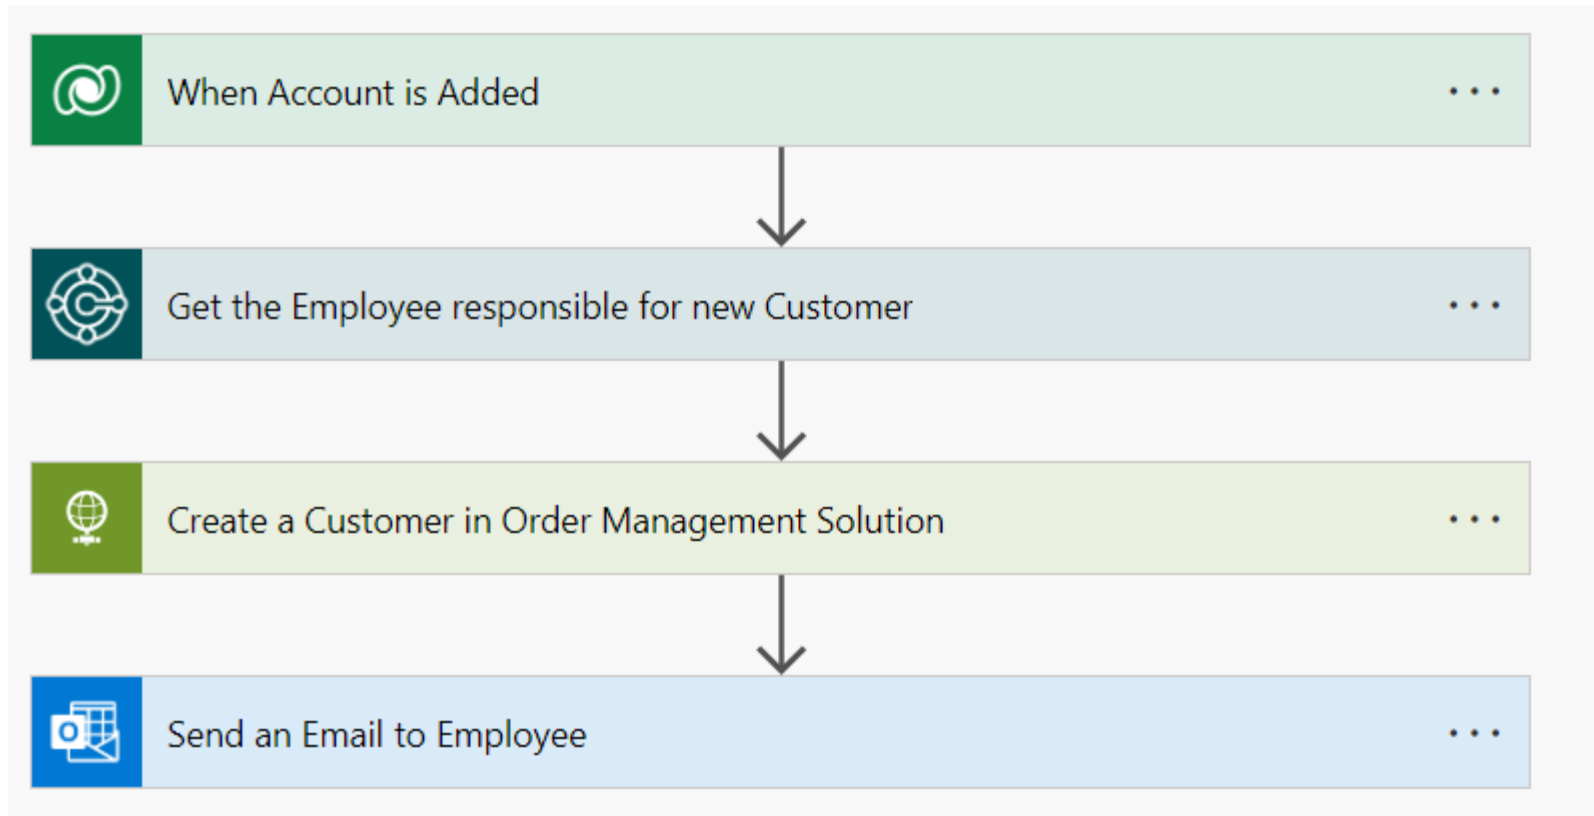

Power Automate can be simple

days of central
knowledge 2024

 Follow up on a message By Microsoft Instant 435179	 Schedule a reply By Microsoft Instant 266150	 Save a message to OneNote By Microsoft Instant 137362	 Create a Planner task when a channel post starts with TODO By Microsoft Automated 89490
 Forward emails to a channel By Microsoft Automated 86814	 Notify a team when Planner tasks change status By Microsoft Automated 31845	 Analyze emails sentiment with AI Builder and send results to Teams By Microsoft Automated 28946	 Find a meeting time with sender By Microsoft Power Automate Community Instant 21622

But just because they're simple doesn't mean they're not business critical

days of central
knowledge 2024

If they fail, you get a nice email notification about it

days of central
knowledge 2024

Power Automate

! 1 of your flow(s) have failed

The flow(s) listed failed in the past week and may need your attention.

1 Notification:

Flow name	Failure count
every hour send me a reminder	1

If you need more help, please visit the [Power Automate](#) support page.

But only once per week

Power Automate

! 1 of your flow(s) have failed

The flow(s) listed failed in the past week and may need your attention.

1 Notification:

Flow name	Failure count
every hour send me a reminder	168

If you need more help, please visit the [Power Automate](#) support page.

And only the flow owner gets the email...

days of central
knowledge 2024

Which is usually a service account

That doesn't have an inbox

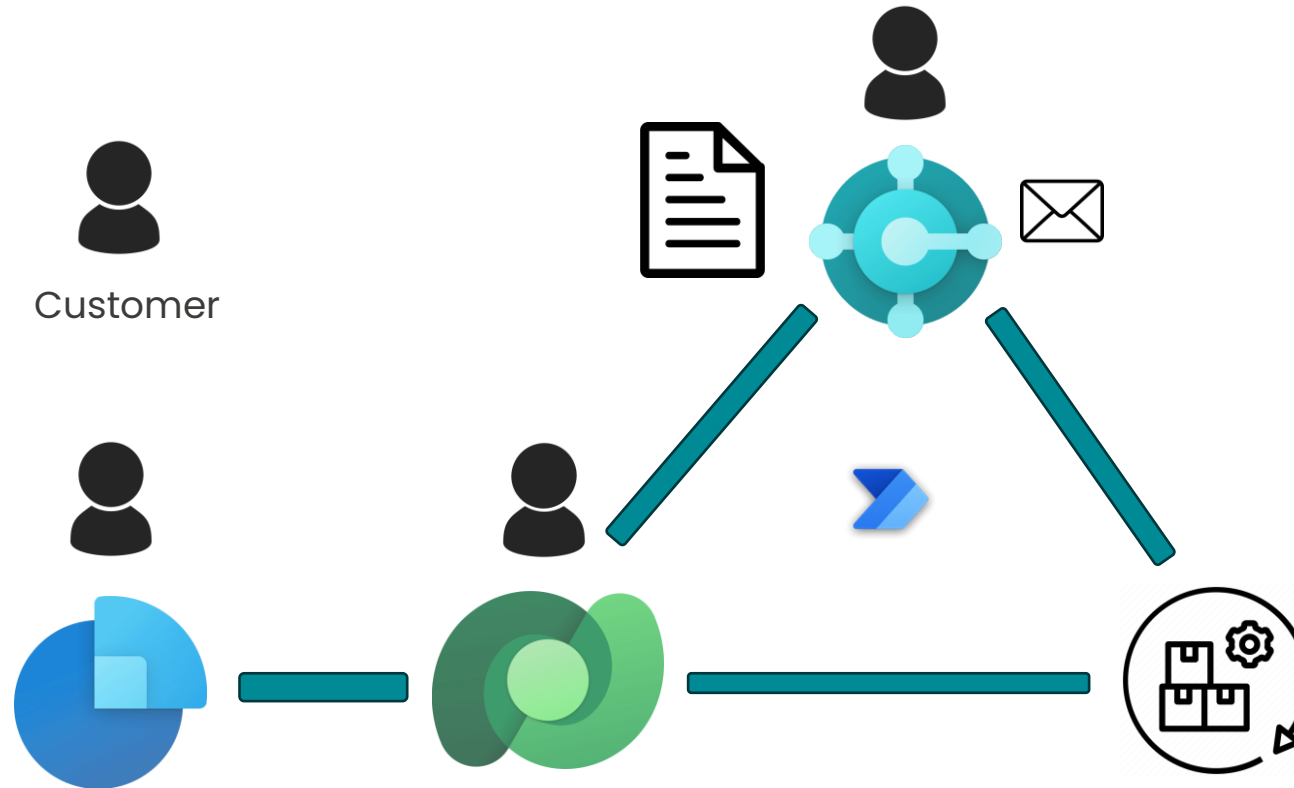

days of central
knowledge 2024

This is how a happy scenario looks like

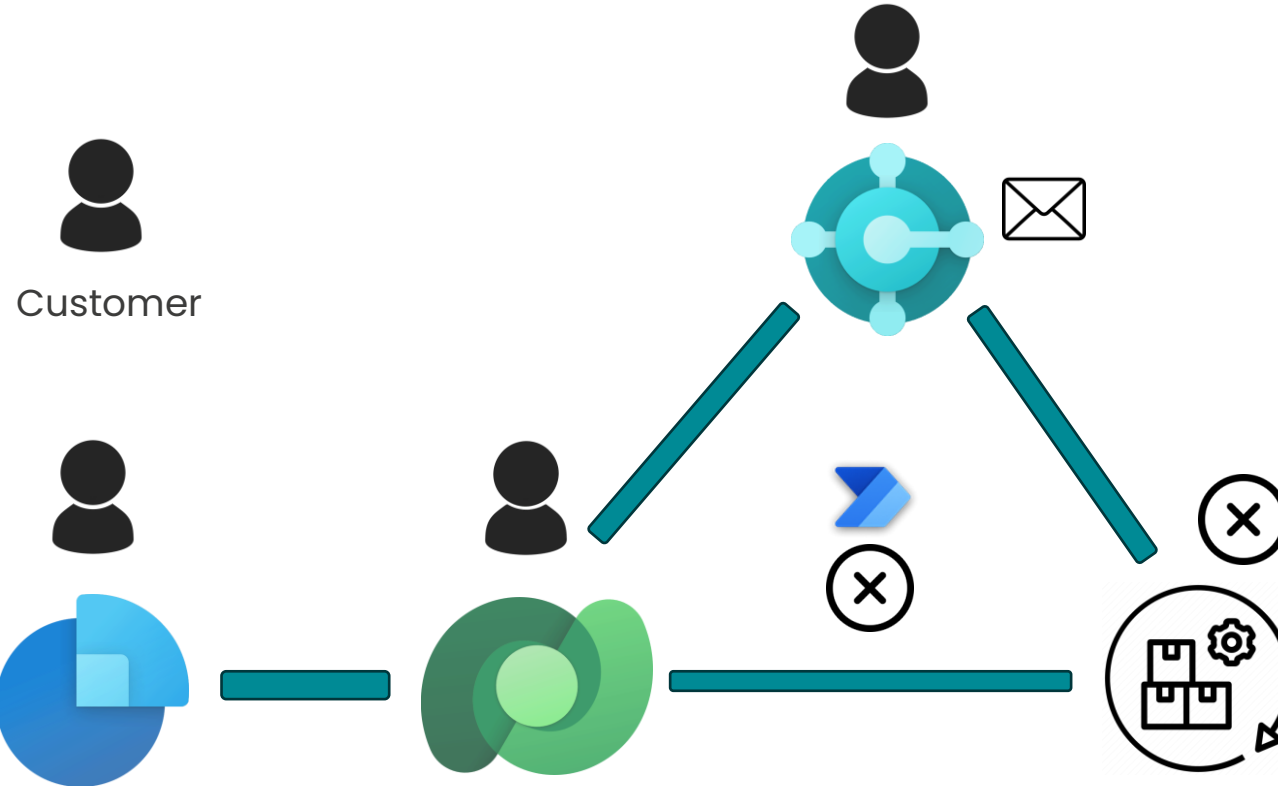

days of knowledge central 2024

08. 08. 2023

And this is how it doesn't

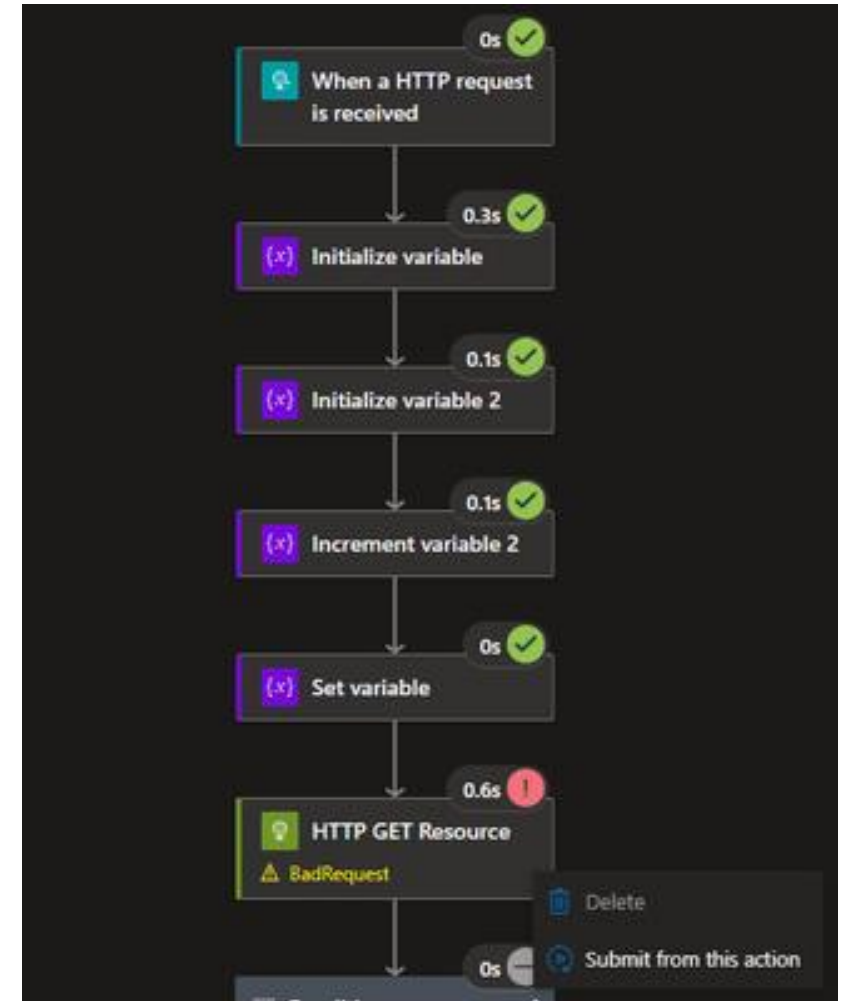

days of central
knowledge 2024

More nuggets of wisdom

- Analysis of a single flow
- Power Platform Admin Center Flow Analysis
- Logic Apps
- CLI for Microsoft 365

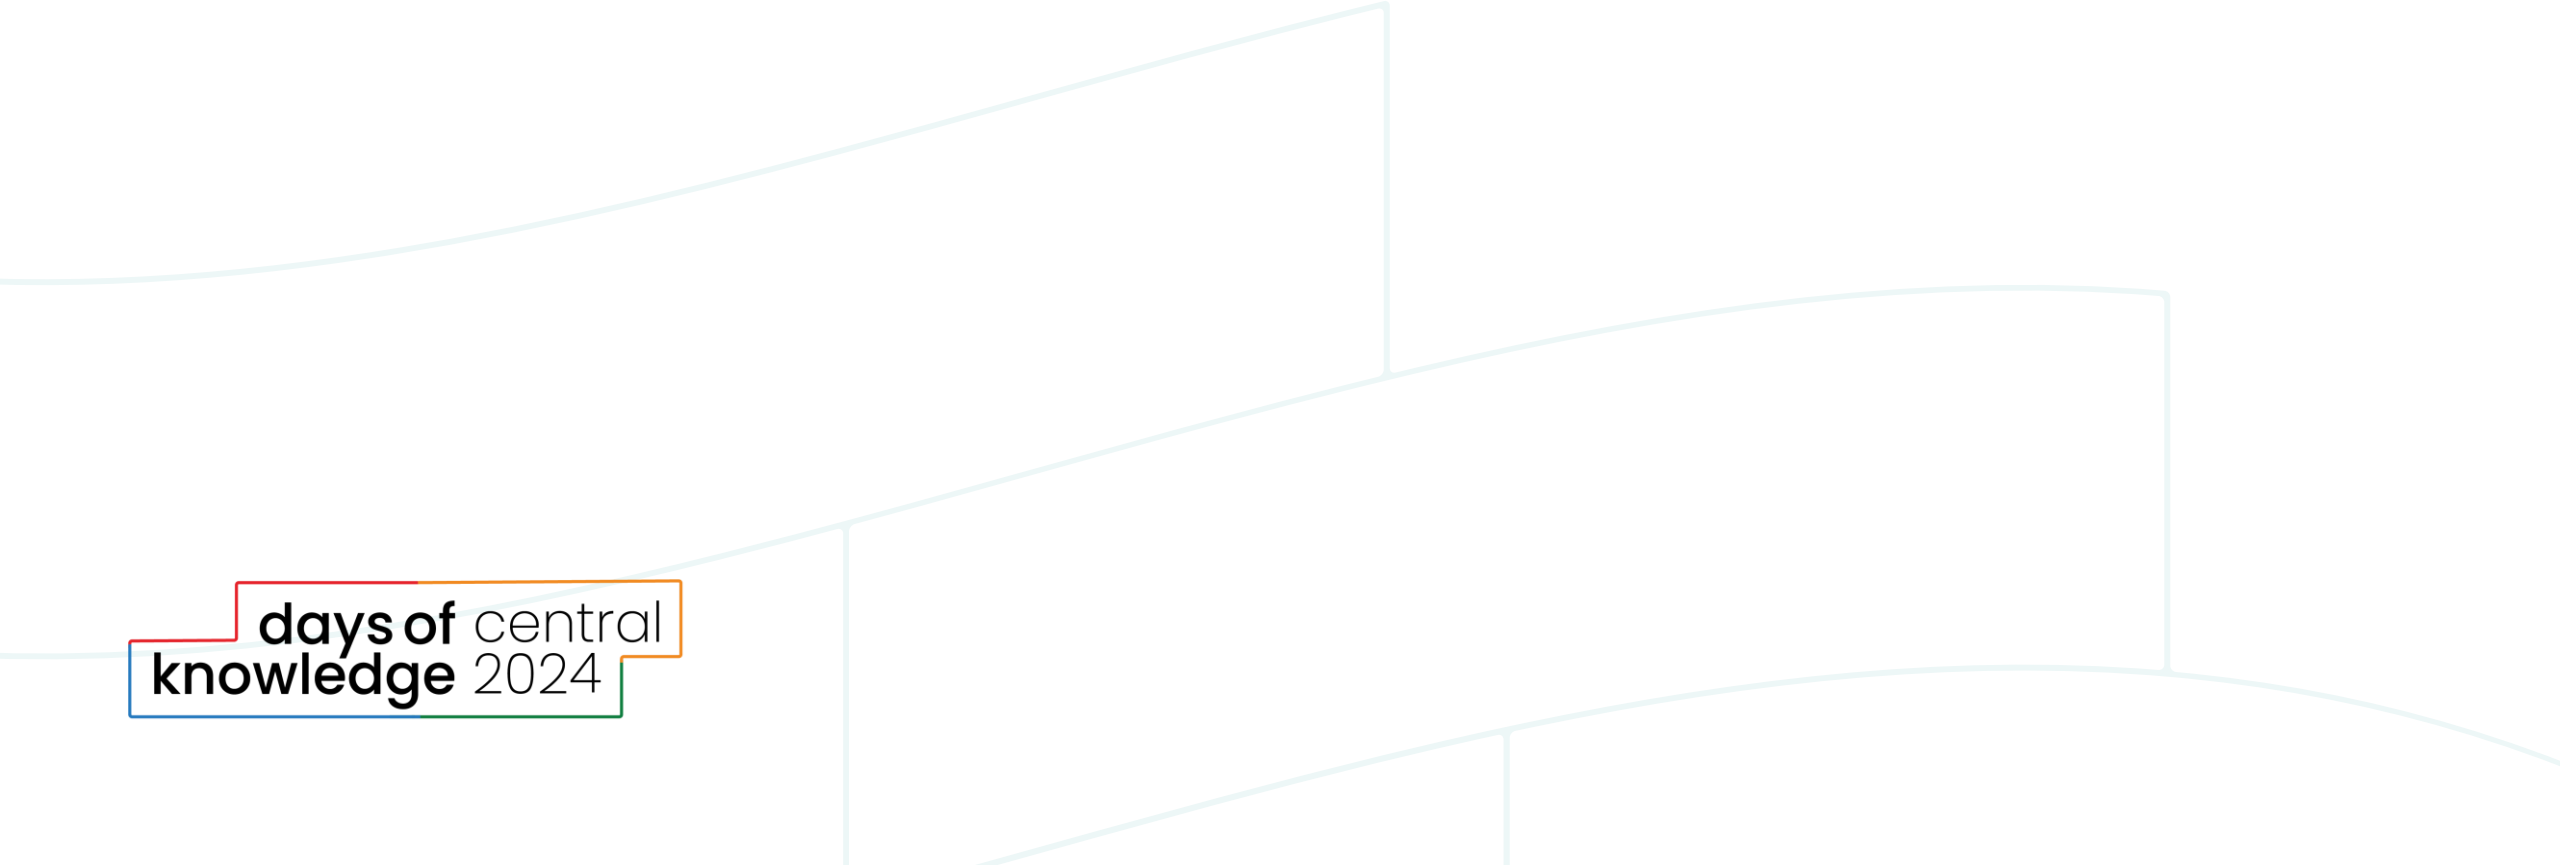

days of central
knowledge 2024

Key Takeaways

- We need to error handle our critical flows
- Out of the box error handling is bad
